Start a chapter in your town

The World's Best Part-time Job!!

We invite you to join Guitar League, a community of guitarists of all skill levels (Rookies, Minors & Majors) sharing guitar skills, knowledge, techniques and fun.

The Guitar League is essentially a "club" that meets monthly for a fun and informative experience.. Players of all skills are invited to bring their guitar (acoustic, since it's an "unplugged" format) and share their skills, stories and tips with your fellow players.

The "League" idea comes from a baseball metaphor. We guitar players start with the basics in Little League, moving from the Rookies to the Minors and then to the Majors. Effective skill acquisition and sharing occurs at each level. Each month features a Special Presenter who shares a particular skill. Then players will assemble with fellow players in their "League" to continue sharing among themselves.

No franchise start-up costs. Your revenue increases as your membership grows.

Flexible schedule

Meetings are held once a month. You pick the date, time and location that works for you.

Contact us anytime to brainstorm starting a Guitar League Chapter in your town. It's fun, easy and pays a bit.

The world's best part-time job.

Members pay just \$75/year for 12 monthly meetings plus member benefits. You keep 77% of gross revenue.
